

# Deepfake Detection Report

Generated on: 2025-05-03 04:16:36

## Prediction Result: REAL

Confidence: 100.00%

### Prediction Explanation:

The video is classified as 'real' because the majority of the frames were predicted as 'real'. Average confidence: 100.0%.

### Graph Interpretation:

The green line (real) remains consistently high.
